Chairman's Message

As has been said many times before, the life-blood of any club is its staff, and we here at Tattersall's are fortunate indeed in having one of the best staffs of any similar institutions in the world.

I think I can safely say that hardly without exception each of our employees work efficiently and pleasantly for our comfort and convenience.

However, we should all remember that we, as members, have a responsibility in helping our staff members carry out their duties in the most efficient possible manner. A little co-operation from time to time is very helpful, and can mean a lot in the Club's smooth running.

Things, such as getting into the dining room during the prescribed meal hours, booking large dinner parties in advance so that they can be properly catered for, collecting mail regularly and answering switch calls promptly are only a few of many ways in which we can assist. I'm sure many more will occur to you.

Another thing to remember is that the staff cannot help you unless they know what you want. So if there is any aspect of their service with which you aren't happy, tell them about it. It may or may not be their fault. If it is and if you are pleasant and sincere in your attitude, I'm sure they will be only too happy to remedy the situation. If it isn't within their compass to do so they'll tell you, and then perhaps it can be rectified through other channels.

Your secretary, too, is there to help. He wants to know your likes and dislikes and the things with which you are satisfied or dissatisfied. With this knowledge, and with the committee's co-operation, he can do a great deal to fulfil the wishes of the majority.

So let us all keep in mind for the future that co-operation with the staff is a seemingly small but very important way in which we can contribute to our Club's efficient functioning.

CONGRATULATIONS TO DAN CALMAN

Congratulations are very much in order to Dan Calman on his election as Committeeman of the Sydney Turf Club. Dan, a popular figure around Tattersall's, is, as most members know, ex-chief of the C.I.B., a post he held for several years before his recent retirement. Dan has always been a keen racing fan, and misses very few meetings. He recently became an owner with the New Zealand purchase of the colt Celtic Fox, a selection with which he was assisted by the colt's trainer, Maurice McCarten.

Dan will take to his Committeeship an enthusiastic interest in the Sport of Kings and an administrative ability proved over his long years with the force. All members wish you well in your new post, Dan, and feel sure that the S.T.C. Committee will be richer by your addition to its numbers.

INJURED JAGUAR

As from last month Bob Clark hates old cars. The reason? Driving his brand new Jaguar Mark 9 the other day he was rammed by an old bomb at an intersection. Result: £500 damage to the Jaguar.

o o o

DES MOONEY IN HOSPITAL

We were sorry indeed to hear of the hospitalization of Des Mooney last month. Des is one of our most consistent regulars, and his welcome presence was sadly missed. Good luck and a quick return to good health, Des. We hope to have you back with us soon.

o o o

WELCOME VISITORS

Two very welcome visitors to our Club last month were Toc Guy and Jack Williamson, both members of Tattersall's Club, Launceston, Tasmania. Toc is President of the Launceston Club, and has been responsible for a considerable amount of hospitality to our members on their various visits to Australia's southernmost island State.

One of the big events of the year for Tattersall's down there is the Tattersall's Golf Cup, a fixture in which some of our members have participated from time to time. Committeeman Les Tidmarsh has played in it, and pronounced it a really friendly and delightful outing.

It was a real pleasure to have you with us, Toc and Jack. All members sincerely hope you enjoyed your visit, and offer a warm welcome to you or any of your other members who may journey Sydneywards in the future.

SIR EDWARD WARREN ATTENDS MOSCOW CONFERENCE

Member Sir Edward Warren, Chairman of the Australian Coal Association, left Sydney early last month, accompanied by Lady Warren, to attend the world power conference in Moscow. Sir Edward is attending the conference in the capacity of Vice-Chairman of the Australian National Committee. While he is away he plans to study mining methods in Russia.

SILK CELEBRATION FOR JOHN DAVOREN, Q.C.

Through these columns we would like to pass on to John Davoren heartiest congratulations on his appointment as Queen's Counsel. This is a fitting tribute to John's legal skill, demonstrated over several years as one of Sydney's outstanding barristers. To celebrate this happy event, John gave a party recently. It was attended by many of his legal friends, and was chaired by Sir Garfield Barwick.

o o o

CORRECT ODDS ON THIS ONE, PLEASE

Jack Shaffran wants some bookmaker or statistician to calculate the odds on this one happening. He was playing cards in the Club the other day with Johnnie Norton, Athol Williams, Larry Howarth, and Peter McGrath. The cards were dealt round, and Jack collected a pair of sevens. He bought to them and got another pair—four sevens.

The next hand, with a completely new deck, Athol Williams was dealt a pair of sevens and bought two more to them.

Fours sevens twice in a row with different decks! Anyone send us in the odds, please?

o o o

TALKING OF CARD STORIES . . .

When discussing the above paragraph with Sam Block, he told us this one. He was playing poker with Bill Samuels, Rosie Rosegarten, Lew Ellison, and Fred Williamson at his home one night, and about the middle of the evening the players began to get a little thirsty. Sam got up to mix the drinks and, while he was absent, Rosie, who had thrown in, took Sam's hand for him. The pot progressed to its logical conclusion, with Rosie winning it for Sam.

What made Sam fighting mad, however, was that he'd won it with the only royal routine flush he had ever held in his life, and he wasn't there to enjoy the thrill of playing it. In fact, he didn't even see it!

WELCOME TO DENTAL CONGRESS MEMBERS

Starting on August 14, the dental profession is conducting the largest scientific convention ever held in Australia. This is the sixteenth Australian Dental Congress, a triennial international meeting which will be attended by delegates from all over the world.

Club members are well represented in its organization with Alan Grainger as President Bob Norton as Vice-President, and Dr. Derek Freeman as Honorary Secretary.

Visiting delegates have been granted the privileges of the club during their stay in this country, and we offer them a sincere welcome to both Australia and our organisation.

o o o

MESSAGE OF PRAISE

Last month we received a letter from Vic Bear of the accountancy firm of Bear and Horsfield. Two days later, we very much regret to say, Vic died. It is typical of the man, who won so many friends amongst us, that one of his last acts was to write a letter of praise about a fellow member. Here it is in part.

"I have been on dozens of committees in my time, but never have I found a more regular and enthusiastic and hard worker than Bill Sellen was. I am of the opinion that Bill Sellen, apart from our Chairman, has contributed as much, if not more, than any member to the Club in my long and happy association with it. I'm sure that many members will agree with me when I say that I am sorry to hear of his retirement from our Committee."

o o o

ALMOST TAKEN IN

Many members will recall how Les Tidmarsh was robbed of £2,000 a couple of years ago by a stranger purporting to be some other bookmaker's clerk "borrowing" that sum from him at the races one day. Well it nearly happened again last month only this time with Len Burke.

Len's clerk, Lou, was on the stand when a young fellow came up to him and asked for a loan of £800 for ledger bookmaker Bob Howard. Howard, he explained, was away sick, his clerk was on the stand and he had been deputed to come over to Len and borrow the money. Sensing that something didn't add up somewhere, Lou decided that he would return with the stranger and deliver the money himself. On the way the stranger bent down to tie up his shoe, and Lou momentarily got a couple of steps ahead of him. When he turned around his companion had vanished into thin air as the saying goes, and later checking proved him to be an imposter. Nice work Lou.

TWO WELL-KNOWN MEMBERS DIE

It was with the utmost regret that we heard of the death of two very popular Club personalities since we last went to press. They were Albert Page and Father Antony Woolf.

Albert Page passed away unexpectedly at his home on the 14th July. He had been in good health and spirits right up to the time of his death, and died peacefully in his sleep. Albert, it will be remembered, was well known in advertising circles many years ago. In latter years he established a factory at Oatley, in which he had the sole manufacturing rights for all car number plates. He had been a member of Tattersall's for 24 years, and during that time he was one of the most regular attendees.

Father Antony Woolf was Vicar-General for Australia and New Zealand for the Antiochian Orthodox Church, and was made an honorary member of the Club when he came to Australia. He died in Cairo of a heart attack, and the date of his death is unknown in this country. An American, Father Woolf had previously held pastorates in Los Angeles, Detroit, Niagara Falls, Providence, Toledo, and Wichita. During his time with us he constantly expressed his appreciation of our hospitality, and often said how much his membership had made him feel at home whilst in Australia.

Both these members made a host of friends in the Club. Members will sadly miss their presence, and Tattersall's will be the poorer by their absence.

CHAIRMAN'S PROGRESS

Although we didn't see much of Chairman Frank Carberry around the Club socially last month, he paid the office several visits in the course of his duties, and we are now happy to report that he is progressing very well after his recent accident. Frank was discharged from St. Vincent's Hospital early in July, and has been convalescing at home ever since. At the time of writing he expects to be back at work again early in August.

It is nice to see you well along the road to complete recovery, Mr. Chairman. We sincerely hope that before the next issue of T.C.M. is published you will be your old self once again.

ERIC BAUME COLLAPSES IN CLUB

It was a real shock to all who know virile and energetic journalist, T.V. and radio personality, Eric Baume, to hear that he had had a collapse in the Club early in July. Eric came in as usual around lunch time, and suffered a bad turn at the front desk. An ambulance was called, but Eric shrugged off the attention of the accompanying St. John's men, and proceeded on into the Club. Unfortunately, he had a second attack in the lift, and this time had to reluctantly agree to be taken away.

Eric was taken to Sydney Hospital initially, but was later transferred to Royal North Shore, where his trouble was diagnosed as a ruptured ulcer. Eric is now back in circulation and resuming his customary visits to the Club.

HOLE-IN-ONE FOR PHIL PRIOR

The dream of all golfers came true for member Phil Prior the other day when he got the indescribable thrill of holing in one. It happened at the fourteenth hole at Pennant Hills golf club on the 11th of last month when Phil was playing in the N.S.W. Paper Trade Golfing Society's tournament, and needless to say Phil carried a broad smile for the rest of the day. Congratulations, Phil, but what a pity you weren't playing in T.V.'s Pro. Golf. You would have collected ten thousand bucks for the effort.

ROY BARMBY RETIRES AFTER 51 YEARS WITH FILM INDUSTRY

Veteran Club member Roy Barmby turned in his portfolio in the film industry last month after 51 years with the same company. Roy, as his friends know, was Chief Film Buyer and a member of the Board of Management of Greater Union Theatres, a firm he had worked with almost from the day he left school.

In those days Roy went to work for J. D. Williams, the originator of continuous picture shows in this country. The firm later became Union Theatres and, in due course, Greater Union Theatres. Roy worked his way up to his later-day executive status through most of the jobs in the company. One of the best-loved and most-respected figures in the film world, Roy retires with the best wishes of the hundreds of friends he has made throughout his colourful career. To these, all Tattersall's members would like to add their good wishes for many years of well-earned leisure.

High precedent for Tulloch's Sister

The naming of coming two-year-old by Khorassan from Florida as Tulloch's Sister does not make her the first filly so registered.

The sister to an even more prolific winner almost 40 years ago became known as Gloaming's Sister.

Gloaming's Sister was by The Welkin from Light, proved a race winner, and set up a family which was prolific in the production of sprint winners.

Names like Gloaming's Sister and Tulloch's Sister have a good publicity value when they retire to the stud.

Everybody is a wake-up, without turning to the catalogue, for their high breeding credentials.

Tulloch had 36 wins and netted £110,123/10/- in prizemoney. This proved not merely an Australasian but a United Kingdom record, narrowly beating the £107,165/15/- accumulated by English champion Ballymoss.

Gloaming (1918-24) was out in a period where stakes were infinitesimal compared with today's values which range from £10,000 to last year's Melbourne Cup £25,000.

He won 57 races from 67 starts, and was never further back than second in the other 10 except in a race in which he fell at the start. In the circumstances, his prizemoney, £43,100 was outstanding by any standards, and made him a leading winner for Australasia in his day.

Gloaming's Sister was bred in Victoria by the late E. E. D. Clarke by The Welkin from Light a few years after Gloaming had become great. She won two-year-old races including the Kirkham Stakes, a semi-classic, at Warwick Farm in those days.

Retiring early to stud she produced three swift gallopers, Gloriole, Warspite and Captivation. In winning a two-year-old event at Randwick in November, 1930, Gloriole defeated the mighty Chatham, subsequent winner of two Epsoms and a Doncaster (with 10.4).

She had other successes, and also followed her dam's example in an early retirement to the stud. Her first foal of note was Warspite which the writer believes

was the first racehorse owned by current A.J.C. Chairman, Sir Alan G. Potter. He shared ownership with Mr. Keith Mackay, then an A.J.C. Committeeman.

Sir Alan and Mr. Mackay now share ownership in one of the best staying performers in recent times, Valerius, winner of an Invitation at Randwick, and Brisbane Cup, and a victor over Tulloch.

Gloaming's Sister's other foal, Captivation, was a smart galloper who worked his way through graduations to a Randwick open sprint win, but was an enormous horse, and his legs failing to carry the load he broke down early.

Tulloch's Sister, now rising two years old, has shown above

average speed in short track trials this winter. She is being prepared for the first fillies two-year-old of the new season, the £2,000 Gimcrack Stakes at Randwick on October 2.

Randwick trainer of Tulloch, T. J. Smith, purchased her at the N.Z. National sales last January for 4,000 gns. for Mr. G. G. Jamieson, a Californian horse-lover who proposes to come to Sydney to see the filly run in her first race, the Gimcrack, if she continues to do well.

Later she will go to America, and if she turns out as well as Gloaming's Sister and her progeny, it will prove another good advertisement for Australian breeding and racing.

Devitt New Champion

Victory by world record holder John Devitt in race record time in Tattersall's Club Championships over previous title holder David Emanuel, before a big crowd of members. Jack Simpson's win in the final Point Score with the "possible" points, and Norm Rogers' fine victory in the 1960/61 "Native Son" Point Score were the highlights of the winding up of the season in the Swimming Pool.

Heats of the Championship were swam on 4th July with the favourites, Devitt and Emanuel, winning in 18.8 and 19.1 respectively, whilst the next two fastest swimmers, Bill Kendall, 20.2, and Norm Rogers, 21.1, also qualified for the final.

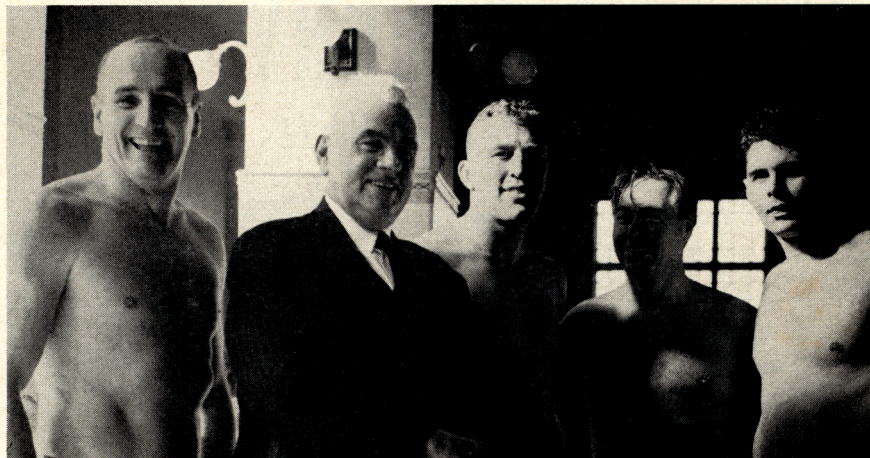

It was good to see new members Ken Humphery and David Keating competing, and though neither got into the heat placings, their time will come.

Another splendid feature was to see Bill Kendall, winner of the title six times, lining up to battle it out with the younger fellows. Bill was introduced by compere Jack Dexter as the first Australian to have broken the minute for 100 metres, and he received a great hand, as Bill is renowned for his sportsmanship, and could easily have been excused from competing due to his attack of hepatitis not so long ago.

Very keen interest was evinced right throughout the club in the final, and when the boys took the board there was as big a crowd in the pool as we can remember.

The field was a classy one, Olympic 100 metres champion 1960, second in 1956, and world record holder, John Devitt; International union forward and winner of Tattersall's Championship in the previous two seasons, David Emanuel; Olympian winner of many championships and six times Club champion, Bill Kendall, and winner of the "Native Son" Point Score and third in the title race two years ago, Norm Rogers.

Starter, Sam Block, got the field away to a perfect start, after Rogers and

Trophy donor for the Club Championships, Alf Collins, smiles happily with the competitors after the race. From left to right: Norm Rogers, committee man Alf Collins, deposed champion Dave Emanuel, six times titleholder Bill Kendall and present champion John Devitt.

Emanuel had been a little "toey" and had a dip, and at the turn there was little between Devitt and Emanuel, but Johnny's expert tumble turn gave him a slight advantage when they turned for home.

Up the second lap Devitt slowly forged ahead and beat his big rival by about a yard, with Bill Kendall a little over a yard away in third place, and Rogers very close behind him.

The time, 18.4 seconds, constituted a

new race record, narrowly beating David Emanuel's previous record of 18.5 seconds put up in 1959. Emanuel swam 19 on this occasion, whilst Kendall clocked in at 20, against his best time in 1950 of 18.6 seconds.

Not the least interested in the event was the donor of the trophies, Alf Collins, who acted as a judge, whilst another very interested spectator was Bill Kendall's 18 years old son. As we told him, it doesn't seem so long ago when Bill's dad used to bring Bill up to the pool when he was in his very early teens. Time surely does fly.

It is of interest to record that of the twelve Club Championships swum since 1950, the winners have been Bill Kendall, six; Malcolm Fuller and David Emanuel, two each; and Carl Phillips and Johnny Devitt, one each.

40 YARDS CLUB CHAMPIONSHIP

1st Heat—D. Emanuel, (19.1), 1; W. Kendall, (20.2), 2; K. Humphery, (21.9), 3; G. Nock, 4.

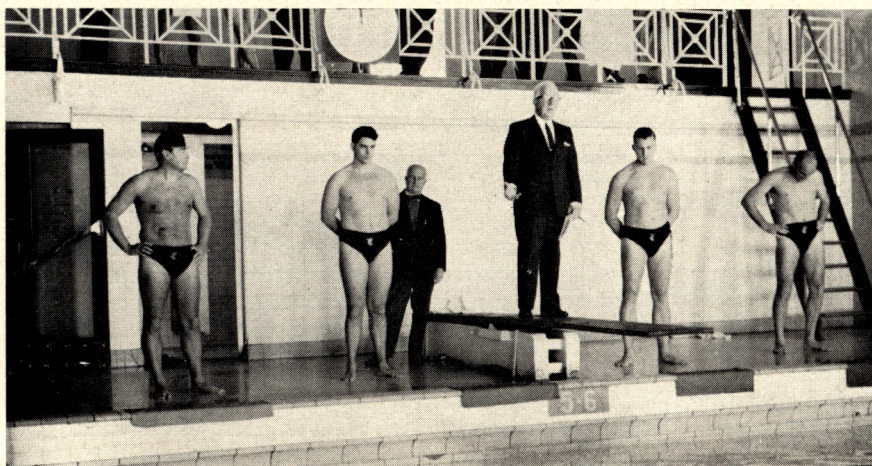

2nd Heat—J. Devitt, (18.8), 1; N. Rogers, (21.1), 2; M. Fuller, (22.5), 3; D. Keating, 4.

FINAL

J. Devitt, (18.4), 1; D. Emanuel, (19), 2; W. Kendall, (20), 3; N. Rogers, 4.

Man of the Month

FRANK CARBERRY

Our New Chairman

Club member for thirty-three years, committee-man for sixteen and treasurer for three, our newly-elected Chairman, Frank Carberry, brings to the Club's number one office a wealth of knowledge, experience and executive ability which we are indeed fortunate in having available to us. Because of his long association with Tattersall's, Frank has come to know its pulse and personality as intimately as a captain knows his ship. His work with various committee combinations has given him a sure knowledge of the Club's policies, procedures and problems, and his engaging friendliness has earned him the respect and affection of our members, both young and old. Frank has gained world recognition in two fields; in his younger days as a swimmer of olympic class when he represented his country and proved to be one of our outstanding ambassadors, and latterly in his chosen profession of oral surgery to which he has made many outstanding contributions, and in connection with which he has recently received the coveted honour of Fellowship of the International College of Dentists.

Frank Carberry was born in Brisbane, and began his education at St. James and Gregory Terrace Christian Brothers College.

He was fond of sport from a very early age but, strangely enough, he was afraid of the water at that time, though it was later to prove the medium through which he was to gain international fame. In fact, so disturbed was Frank's father about his fear of the water that he thought he would overcome it by pushing Frank in. Unfortunately, this did nothing more than intensify his aversion.

It wasn't until the Carberry family moved to Too-womba that Frank was enticed into the local pool by schoolboy friends and overcame his fear. From that time he took to the water like the proverbial duck, and so started his colourful swimming career.

The Carberrys moved to Sydney when Frank was twelve. Unfortunately, tragedy coincided with the move, and Frank's father died within a few days of arriving here.

Frank's mother enrolled him at Waverley College, and here he demonstrated his swimming prowess by winning the Junior Championship of the school.

He also entered the Senior Championship event and, together with all the other entrants except one, swam the scheduled four lengths of the pool only to find that they had all beaten the gun and that the race had been awarded to the entrant who had stayed on his block. Frank says that this lad is the only swimming champion in his memory who gained his title by *not* swimming.

On leaving Waverley College, Frank joined the Sydney Amateur Swimming Club and launched on his swimming career in earnest. He became captain of the club, and in one year won every championship from one hundred yards to one mile.

He represented his club in the N.S.W. and Australian championships no less than twenty-six times, winning three in N.S.W. and one Australian title during that time.

Essentially a sprint swimmer, Frank hit his peak in about 1925 when he clocked 55-4/5 for the hundred yards, his best Australian time, but one which he was later to better by one second when he went overseas.

In the meantime however, Frank had launched on his professional career, and had started to practise as a dentist in the old Daily Telegraph building which was then in King Street. He continued on there for six years, but during that time decided that he wanted to specialize in oral surgery, a branch of his profession in which he felt his bent lay. However, as it was not receiving as much attention over here in the mid 1920's as it was in America, Frank enrolled as a student at the University of California, and left Sydney for this institution in 1926.

In America, Frank realized one of his cherished sporting ambitions when he was made a member of the famous Olympic Athletic Club which he represented on many occasions.

A unique one in particular was when he competed in the Golden Gate annual event. This was from the northern side of San Francisco bay across to the southern side, a distance of about one and a half miles. One hundred and eighty starters lined up in fog-laden semi-darkness on a bitterly cold morning in the middle of winter. Before the race was over, seventeen entrants had to be taken from the water and treated in hospital.

Frank swam second to a Stanford University student whose time bettered the record for the race by one minute. The record was held by world's champion, Norman Ross.

Syd Cavill and Frank were the only two Australians ever to compete in the Golden Gate swim.

Feeling that he had taken advantage of the knowledge available on oral surgery, Frank returned to Australia in 1927. He set up practise here again, but this time in his specialized field, and quickly became accepted by his colleagues as an authority on his subject.

He still participated in competitive swimming, and up to the year 1930 had swum against every swimmer brought to this country. He also took up surfing, and as a life-saver competed in the N.S.W. belt championship, representing Coogee club on whose committee he served for ten years, and held the office of president for four.

Frank also played rugby union as a forward for Eastern Suburbs.

During the pre-war period Frank became well established in his profession, and when hostilities broke out in 1939 he offered his services to the army. He was not accepted for uniform duty, however, but worked regularly at the Showground in his capacity of oral surgeon.

Today Frank can look back on successful careers in both dentistry and swimming.

In the former he has made many contributions, and is accepted as one of the outstanding leaders in his profession. Just how highly Frank is regarded is illustrated by the fact that he was just recently invited to join the International College of Dentists as a Fellow, an honour bestowed only on the top few. His invitation reads:

"The Officers and Credentials Committee of the International College of Dentists are pleased to inform you that, in recognition of your outstanding and meritorious service as a member of the dental profession, and in recognition of your contributions to the Arts and Sciences of Dentistry you are invited to become a Fellow of the College."

Frank is Honorary Dental Surgeon to St. Vincent's Hospital, and has been such for the last twenty-five years. He has also been a member of the Board of Control of the Dental Hospital for sixteen years, and has acted as president there and served on many sub-committees.

In sport he has always been a well-known figure, for apart from active participation in swimming, he has contributed to its executive side as well. Maintaining his interest right up to the present time, Frank is Vice-Patron of the N.S.W. Amateur Swimming Association, and President of the Union of Old Swimmers, an organisation of swimmers, life-savers, and all those associated with the sport.

Frank has other sporting interests apart from swimming, and has always been a keen racing fan. He has held membership of the Australian Jockey Club since 1930, and was also one of the foundation members of the Sydney Turf Club. A modest but consistent punter, he attends most of the meetings of both organizations. He is also a member of the Cricket Ground, and is a spectator at many sporting fixtures there.

Frank is married, and he and Mrs Carberry have one child, a daughter Mary-Lee (Mrs. Buffier), who has proudly presented them with a grand-daughter. Naturally enough she is the apple of Frank's eye and is named Francene, the nearest female name they could find to Frank.

Frank and Mrs. Carberry live in their own home at Cronulla. Cronulla, because there Frank is right by the water and swims every day, year in and year out.

Of his hobbies, Frank says they boil down to sport generally. He likes watching all sports but finds that Club affairs take up much of his leisure and attention. Of the Club Frank says:

"My association with Tattersall's I rate among life's happiest experiences. That's why I am more than willing to render whatever lies within my ability and capacity to serve my fellow members."

LOW MARKERS TUMBLE

It has been a black month for the back markers, many favourites being toppled in a series of excellent games. Both Ken McDonald and Bill Longworth went down despite their brilliant fighting knocks. Others amongst the favoured players to fall were Bert Tonks, Winston Edwards, Harold Hill, Gersh Fienberg, Sam Peters, Mel Watson and Jack O'Neill, Snr.

Ken McDonald earned a great round of applause for splendid setting of two very necessary snookers on the pink, however, with two balls to win, a loose shot on the pink spelled finis to a thrilling game.

Winston Edwards met Dr. Seamonds, and this match was also a thriller. Winston needed four snookers on the brown, and in a very workmanlike manner set a number of snookers and really looked a chance, "Doc" however, was not to be denied, he continued to pot confidently to notch a comfortable win.

Charlie Dunk, a regular, has obviously struck top form, he played excellently to account for Snooker Committeeman Gersh Fienberg, no mean feat at any time.

Sid Lane is presently recovering from a serious illness, and unfortunately had to withdraw from the tournament. We hope to see him back on the tables fit and well in the near future.

Arthur Bull and Jack Woodward drew the biggest crowd of the year. Jack fully extended the champion who had to pot the last four colours to win by a narrow margin.

Billiards and Snooker Committeemen, W. H. (Bill) Longworth and Peter McGrath fought out a tense tactical battle right down to the pink. Bill had a handicap disadvantage of 37, and despite a 14 and a 22 break plus two magnificent snookers, he failed by 13.

Analysing the game Bill said "I had 26 non-scoring shots which indicates a vast improvement in Peter's safety play."

Tattersall's Billiards Club continues in winning form, and if this is maintained, they should open up firm favourites for the 2nd round.

Tattersall's defeated Millions Club 2-1.

Tattersall's defeated Imperial Service Club 2-1.

Experienced players, John Peoples and Cyril Oswald-Sealy joined our ranks and had their first match against Imperial Service Club. We welcome all members interested to take part in these series which are played fortnightly over the next four months. Our No. 1 team (Bryden and McDonald) have earned a reputation for their fine combination, and continually hold the spectators interest. Congratulations, Roy and Ken.

New Season Handicaps

"GOOD IDEA" TROPHY READY TO START

"Minus" men in the new season handicaps just issued were the big four, George McGilvray, Bruce Partridge, Eddie Davis, and Ralph Davies.

Our new Secretary, Norman Rogers, let little grass grow under his feet. In consultation with his fellow Committeemen, all handicaps for the 1961/62 season were reviewed, and appear below.

It appears that Norman has a great respect for our big four, George McGilvray, -8; Bruce Partridge, -7; Eddie Davis, -7; and Ralph Davies, -6. Judging on past performances, he was quite entitled to have this view. I personally feel that you will find these players taking very prominent parts in the various events to come.

It is good to see Eric Comrie-Thomson and Malcolm Fuller making the "A" Grade. This is a reward for consistent performances and, off handicaps of +14, they are still going to give any event they play in a "big shake."

The "B" Graders appear to be a very evenly graded lot. Jim Comans has paid the penalty for winning the "C" Grade Championship, and is now on +22. Jimmie will win plenty of games from that mark.

Another newcomer to "B" Grade is Mervyn Finlay, on +22. Mervyn must have shown some form to make "B" Grade. I will have to keep my eye on him.

The "C" Graders have a most interesting array. Quite a number of newcomers, and we can expect some surprises in this Grade. Ron Spencer, Colin Bear, Cuth Goddard and Trevor Barrell are all veterans, so to speak. They will not be able to relax if they want to win this year's "C" Grade, because I see quite a number of chaps who are very keen and practising like mad. So look out for fireworks in this Grade.

"GOOD IDEA" TROPHY

Our very good friend Arthur Browning has again donated the trophy for this competition. To Arthur, on behalf of the Handball Club, I say "Thank you." It is the generous donors of trophies for the various competitions that help to make them such enjoyable events.

This event is a handicap knock-out competition. The matches are of one set only, 41 points up, scores to commence on handicaps. The usual rules regarding an umpire to officiate for each match.

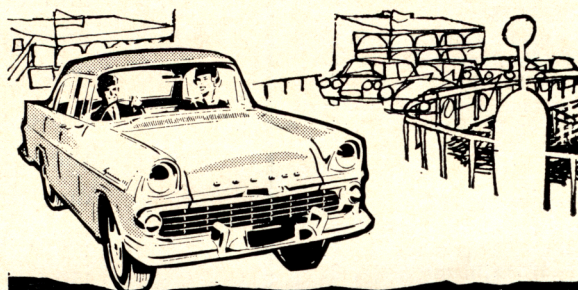

The draw is on the board, so read it. See who is your opponent, seek him out, and go to it, and may the best man win.

Fred Harvie went off to a great start, and has already won two matches, defeating J. C. Brice 41/30 and W. Hannan 41/33.

SWIMMING NOTES

(Continued from page 7)

"NATIVE SON" TROPHY PRESENTED BY BILL KIRWAN

The "Native Son" trophy presented by Bill Kirwan since 1946/47 for the swimmer who scores most points during the season was won by Norm Rogers after a tremendous battle with Sid Kay. Norm got a good break in the last few races, and though he was not there for the last race, Kay could not catch him, and went under by $3\frac{1}{2}$ points, with Harry Bate $16\frac{1}{2}$ points astern.

It was a splendid go right from the start and must have gladdened Bill Kirwan's sporting heart.

The last Point Score of the year saw Jock Simpson win four races straight and collect the trophy with the possible number of points from Peter Lindsay who recorded another second in a point score.

Jock has improved a lot and will do better next season even though his last race saw him blot his copy book, and lose a second off his handicap, a fate that also befell Ken Williams.

In the last race of the season we saw a new member, David Kent, saddle up for the first time and get the shock of his life. He swam second in his heat and did not know until he was lunching that he had qualified for the final, the winner of the heat having been disqualified. David swam a good second in the final, cheered on by cobbler Graeme Nock.

It's good news to hear that Max Sernack is out of hospital since being operated upon for a clot in his leg. No wonder Max lost form in the last few months, though his pals reckon his failure was due to handicapper, Clive Hoole, dropping him a second.

Racing will commence again in October but there'll be other things happening before that, and of these more anon.

RESULTS

27th June—40 yards Handicap—First Division Final—J. Simpson (25), 1; T. Hellmrich (26), 2; P. Lindsay (24), 3. Time 23.6 secs. Second Division Final—K. Williams (25), 1; D. Kent (27), 2; J. Shaffran (24), 3. Time 24.2 secs.

A toast to civilised drinking

THROUGHOUT THE LAND

... people are returning to the pleasant and civilised custom of drinking whisky with Schweppes Soda Water. The trend is *inevitable* as more and more whisky drinkers rediscover the way Schweppes brings out the *sublime flavour* of good whisky. For after all, isn't it a desecration to mix water (ordinary tap water at that) with good whisky? Bravo! ... for the return of civilised drinking. "Another whisky and soda, please."

QUIET MONTH FOR BOWLERS

Holidays on the warm northern coast for many of our bowling regulars has caused something of a slump in the section's tempo since the last issue of T.C.M. However, members are looking forward to some increased activity in the near future.

July was a quiet month in the bowling section. What with the holiday makers up on the Gold Coast and unfavourable weather, our attendances were on the small side. With an average of about 24 players, most competitions were played in pair's games which were enjoyed by all attending. Its only possible to have pairs games with small attendances as green space is only available on those occasions.

Was pleased to see Dr. Fuz Porter win his 1st trophy with us, Dr. Fuz has only been a member of the club a short while, but his regular attendance on a Thursday shows he is enjoying his bowls with us. Partnered by Noel Hough, he played very fine bowls to collect his 1st trophy. Judging by his effort, this will certainly not be his last.

State selectors have certainly taken notice of our club players. No less than six have been selected for the metropolitan teams to be played up north this month. Harold Hill, fresh from State honours up in Brisbane is one, Stan Owen, Alick Buckle, Sam Peters, Jack Kellaway, Jim Weymark, are others from our Bowling Section to have been selected.

The Bowling Section has no fear of going stale with the younger members of the club so interested. Lew Moss, pulling his weight in the absence of top officials. Regular attendance of Ron

Relton and Bill Munro also Bert Barnes and Vince Kirby, adds new life to the Bowling Section. Maurice Watson, although not playing regularly, is always there to select teams and organise games. While amongst the old regulars, Cedric Emanuel, Bert Levey, Frank Geddes, Issie Silk, Charlie Cohen, Jack Phillips, Ken Ranger, Jack Pick, Ken Williams, and Noel Hough, assures everyone a good game of bowls in company you like to be with.

Seen up at Surfers' was Pres. Gordon Booth enjoying the sunshine, Alick Buckle up with the big-shot bowlers from Warringah.

Gordon Marshall playing each day on the Surfers' Paradise greens.

Lance Williams who is almost a native of Coolangatta.

Pleased to know Colin Rose is on the mend after a recent illness.

It will be nice to see you back with the boys again soon, Col.

It looks as if club affections up at Dover Heights is too strong a lure to Dr. Len Greenberg. He has not been with us much since he committed himself to a regular game on a Thursday with his club mates up there. Perhaps after the annual meeting when you are elected to Vice-President up there we might see more of you.

VALE

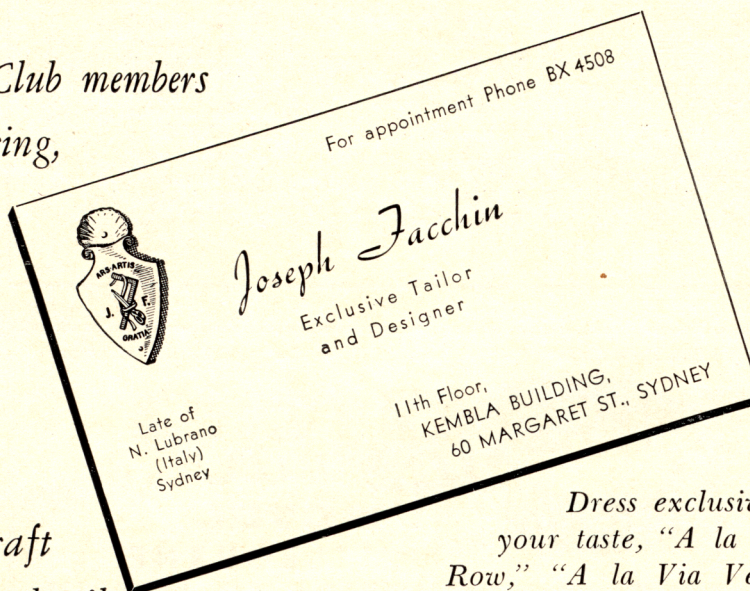

Swannie Schwarz

Last month through an editorial misunderstanding, we failed to make mention in these notes of the very sad death of that bowls stalwart, "Swannie" Schwarz. This omission we deeply regret, for Swannie was one of the most popular sportsman ever to grace a green, and had earned the abiding affection of those members who had the pleasure of his friendship. Tattersall's bowling section will be the poorer for his loss, but so long as our members gather together in the ancient game, the name Swannie Schwarz will be as green as the turf on which they play.

This is your Melbourne Cup Luxury Hotel

Go Luxury . . . Stay Luxury during the Melbourne Cup!

Depart Saturday, November 4, by this gracious overseas liner. Arrive Melbourne after two richly relaxing days at sea. All hotel accommodation problems are solved—this fine, spacious, air-conditioned ship is your luxury-hotel-in-port at no extra cost (all meals provided!).

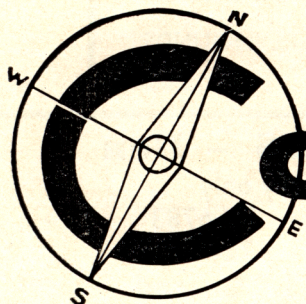

Ideally anchored in the very heart of Melbourne, at North Wharf, you'll find this ship is "better than hotel accommodation" in so many ways: every facility is open for entertaining friends, too. No transport problems! Coaches depart daily from the ship to the Racecourse and return at evening.

On your first day in Melbourne a familiarisation tour of Melbourne city is arranged; then, during the following Friday, an all-day sightseeing tour of the Blue Dandenong Ranges is yours!

Depart Melbourne on Saturday, 11th November, with arrival in Sydney on Monday morning, 13th November.

A FULLY INCLUSIVE EIGHT-DAY HOLIDAY IN MELBOURNE ONLY
£45/19/6 (Tourist Class), or £65/19/6 (First Class).

HURRY, BOOKINGS ARE LIMITED! Remember mail bookings are accepted—£10 secures your reservation, or phone direct to **COMPASS TOURS**.
